EASY TO MOUNT

ESD

CLASSIC WORKBENCH

ART-NR.: 44-500-XX00

The classic workbench is a complete solution featuring an ESD-safe surface, suitable for both compact and large-scale industrial environments. Ideal for use in manufacturing, warehousing, assembly areas, and technical workstations. Made in Sweden and finished with an ESD coating for enhanced protection.

CLASSIC WORKBENCH

ART-NR.: 44-500-XX00

EASY TO MOUNT

Product information

Frame Type:	Light H-Frame
Frame material:	Steel and polyester powder coating
Max Load:	300 kg
Coating:	ESD Paint
Color:	Grey RAL 9006
Mounting:	Easy assembly
Certified:	Tested and approved according to IEC 61340-5-1

Adjustable ESD feet

Dimensions excluding the top:

Minimum height	710 mm
Maximum height	1.000 mm

Warranty years: 5-year

Art. no.	Sizes (mm)
44-500-0800	800 x 800
44-500-1000	1.000 x 800
44-500-1200	1.200 x 800
44-500-1600	1.600 x 800
44-500-2000	2.000 x 800
44-500-2500	2.500 x 600
44-500-3000	3.000 x 800

Note: Tabletop ordered separately

Advantage

- High stability and uniform weight distribution, designed to adapt to a variety of work environments.
- Integrated ESD protection ensures the safe handling of sensitive electronic components.

Areas of use

- Industrial environments.
- Warehousing and logistics.
- Assembly and production.
- Workstations for technical service.

EASY TO MOUNT

ESD

ELECTRICAL WORKBENCH

ART-NR.: 44-505-XX00

The electrical workbench is a comprehensive solution featuring an ESD-safe surface, designed to suit both compact and spacious environments where user ergonomics are essential. It is ideally suited for industrial settings, warehouses, assembly lines, and technical workstations.

ELECTRICAL WORKBENCH

ART-NR.: 44-505-XX00

EASY TO MOUNT

Product information

Frame Type:	BenchStat
Frame material:	Steel and polyester powder coating
Max Load:	250 kg
Coating:	ESD Paint
Color:	Grey RAL 9006
Mounting:	Easy assembly
Certified:	Tested and approved according to IEC 61340-5-1

Adjustable ESD feet

Dimensions excluding the top:

Minimum height	710 mm
Maximum height	1.165 mm

Warranty years: 5-year

Art. no.	Sizes (mm)
44-505-0800	800 x 800
44-505-1000	1.000 x 800
44-505-1200	1.200 x 800
44-505-1500	1.500 x 800
44-505-1600	1.600 x 800
44-505-1600L	1.600 x 800 low height 600-950mm
44-505-2000	2.000 x 800
44-505-2500	2.500 x 600

Note: Tabletop ordered separately

Advantage

- Ergonomic design that promotes user comfort.
- High stability and durability.
- ESD protection for safe handling of electronic components.

Areas of use

- Industrial environments.
- Warehousing and logistics.
- Assembly and production.
- Workstations for technical service.

WORKBENCH LIGHTING

LED WORK LAMP for Assembly and Packing Stations

Product information

Main input voltage:	220-240 VAC / 50-60Hz	**Lumen/W:**	145,2 lm/W
IP classification:	IP20	**Dimmable:**	Yes
Colour temperature:	4000K	**Main material:**	Steel, PC, PMMA
CRI:	>80	**Lite time lightsource:**	L90B10 100.000h
Life time fixture:	100,000h	**SDCM:** (Standard Deviation of Color Matching)	<3
Driver:	built-in	**Energy Class (EPREL):**	C
Beam Spread lightsource:	116°	**Photobiological safety:**	RG 1

A high efficiency work luminaire designed for illuminating assembly, inspection, and packing workstations. Thanks to its overhead mounting capability, the lamp delivers uniform illumination of the work surface, minimizing shadows and improving comfort and precision during tasks.

Led Lighting Eurostat table

Art. no.	Details
44-510-1200	Led Lighting Eurostat table 1200 / 28W
44-510-1600	Led Lighting Eurostat table 1600 / 38W
44-510-2000	Led lighting Eurostat table 2000 / 57W

Lighting Eurostat table

Art. no.	Details
44-510-0001	1200 complete with brackets/rail
44-510-0002	1600 complete with brackets/rail
44-510-0003	2000 complete with brackets/rail
44-510-0002A	1600 without brackets and rail

Lighting Eurostat table side

Art. no.	Details
44-510-0004	Lighting side 800mm right
44-510-0020	Lighting side 800mm left

Led Lighting with magnets

Art. no.	Details
44-510-0400	Led Lighting 400mm with 4 magnets

Dimmable with push button and magnets
Cable grounded L3000 Black
Aprox. 12W, 1920lm, CRI80

Lighting bracket

Art. no.	Details
44-510-0051	Lighting bracket right+left complete with screws

WORKBENCH ACCESSORIES

EASY TO MOUNT

ESD

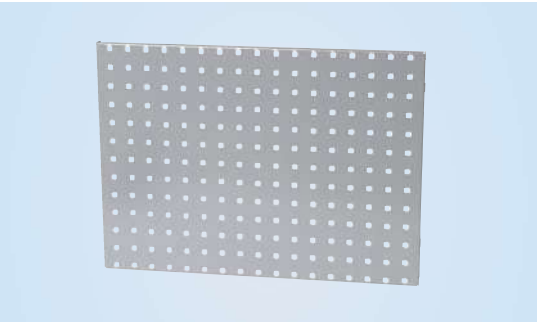

Shelf including Brackets

Art. no.	Details
44-510-0024	Shelf cc670 D200mm for 1000/1600 table
44-510-0025	Shelf cc900 D200mm for 1200/2000 table
44-510-0005	Shelf cc670 D300mm for 1000/1600 table
44-510-0006	Shelf cc900 D300mm for 1200/2000 table
44-510-0026	Shelf cc670 D400mm for 1000/1600 table
44-510-0027	Shelf cc900 D400mm for 1200/2000 table

ACCESSORIES

EASY TO MOUNT

Tool board half-size

Art. no.	Details
44-510-0007	Height 480mm for 1000/1600 table
44-510-0008	Height 480mm for 1200/2000 table

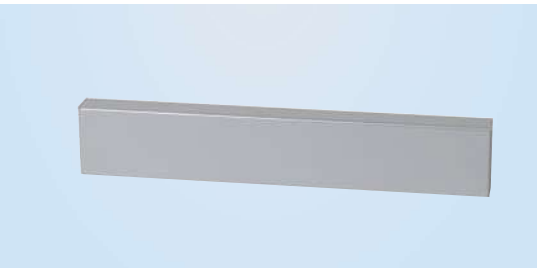

ESD table sound absorbers

Art. no.	Sizes in mm
44-301-0031	cc670 D600 for 1000/1600 table
44-301-0032	cc900 D600 for 1200/2000 table

Power outlet

Art. no.	Details
44-510-0009	Power outlet for 1000/1600 table
44-510-0010	Power outlet for 1200/2000 table

Spacer perfo column

Art. no.	Details
44-510-0014	Spacer for 1000/1600 table
44-510-0015	Spacer for 1200/2000 table

Pillar perf

Art. no.	Details
44-510-0012	Standard - 50x25 - 1740mm
44-510-0011	Option - 50x25 - 875mm
44-510-0035	Option - 50x25 - 1500mm

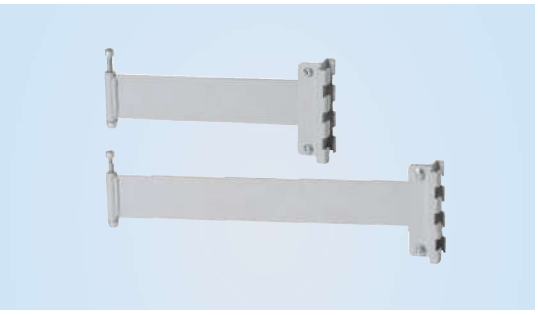

Clamp bracket est for pillar perf

Art. no.	Details
44-510-0018	Clamp bracket est for pillar perf /1

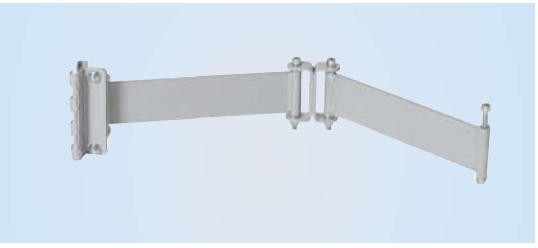

ACCESSORIES

EASY TO MOUNT

Single computer arm

Art. no.	Size
44-510-0037	250mm
44-510-0038	400mm

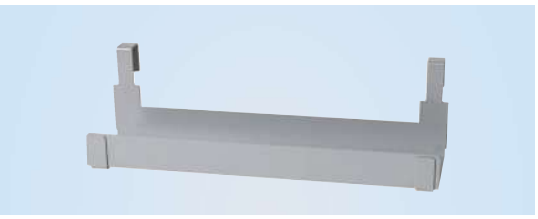

Two part computer arm

Art. no.	Size
44-510-0031	250x250mm

Holders

Art. no.	Details
44-510-0034	Plate for storage

Art. no.	Details
44-510-0039	CPU holder ESD 210x700x70mm for classic table

Art. no.	Details
44-510-0042	Document holder

Art. no.	Details
44-510-0013	Mobile phone holder

ACCESSORIES

EASY TO MOUNT

Holders

Art. no.	Details
44-510-0032	Monitor holder (VESA)/ Keyboard holder for two-part arm

Art. no.	Details
44-510-0043	VESA computer holder

Art. no.	Details
44-510-0033	Thin Client Holder for monitor holder

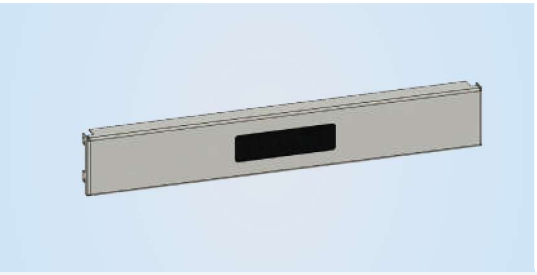

Undershelf table

Art. no.	Details
44-510-0044	1200 manual Classic Workbench
44-510-0045	1600 manual Classic Workbench
44-510-0046	2000 manual Classic Workbench

Cable plate for cables

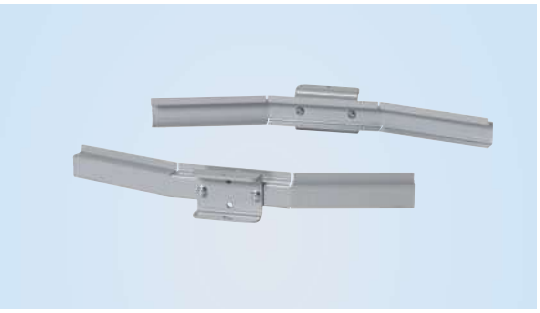

Art. no.	Details
44-510-0047	Cable plate for cables for 1000/1600 table
44-510-0048	Cable plate for cables for 1200/2000 table

Cover plate with brush strip

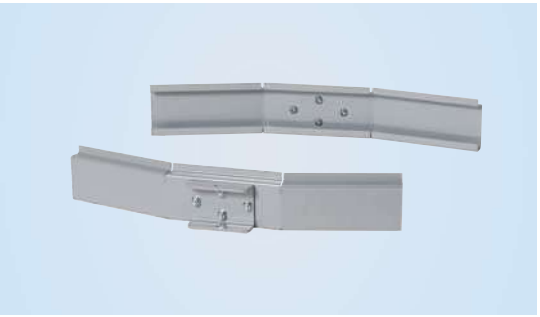

Art. no.	Details
44-510-0049	Cover plate with brush strip for 1000/1600 table
44-510-0050	Cover plate with brush strip for 1200/2000 table

ACCESSORIES

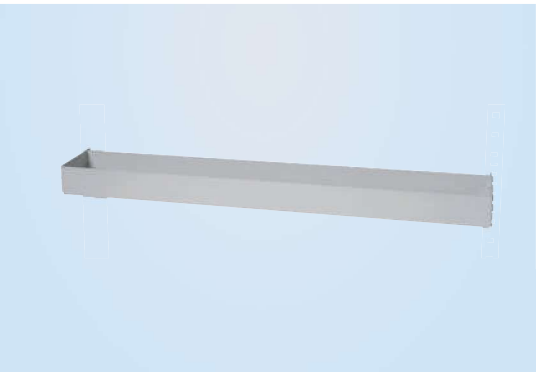

Bin Rails

Art. no.	Details
44-510-0040	Bin rail for Swivel arm

Art. no.	Details
44-510-0041	Double Bin rail for Swivel arm

Bin rail for picking bins

Art. no.	Details (sizes in mm)
44-510-0022	For 1000/1600 table
44-510-0023	For 1200 and 2000 table
44-510-0052	Including a box for 1000/1600 table
44-510-0053	Including a box for 1200 and 2000 table

Mounting kit for tool board

Art. no.	Details
44-510-0058	Arm part 35mm
44-510-0059	Mounting kit for toolboard

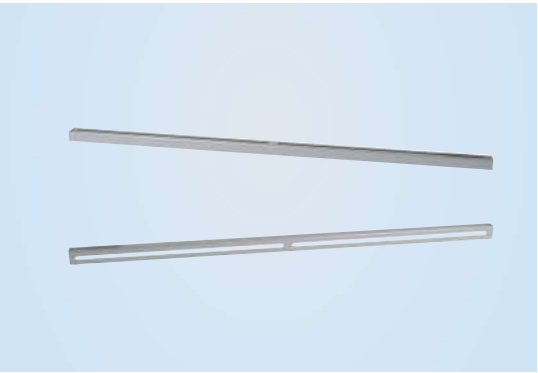

Hook

Art. no.	Details
40-020-2020	Set 20
40-020-2025	Set 30
40-020-2030	Set 50

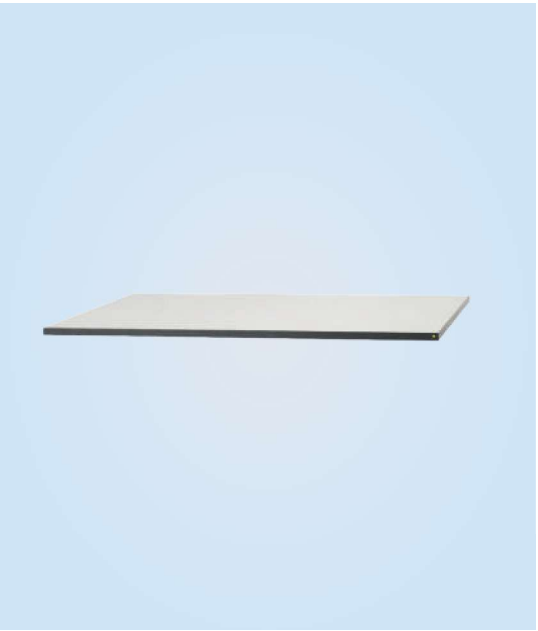

ACCESSORIES

EASY TO MOUNT

C-Profile

Art. no.	Details (sizes in mm)
40-510-0028	925 for 1200 table
40-510-0029	1365 for 1600 table
40-510-0030	1825 for 2000 table

ESD Table top

Art. no.	Sizes in mm
44-202-8080	800 X 800 X 24
44-202-6044	1000 X 800 X 24
44-202-6043	1200 X 800 X 24
44-202-6000	1500 X 800 X 24
44-202-6042	1600 X 800 X 24
44-202-6002	2000 X 800 X 24

Option

Art. no.	Details (sizes in mm)
44-201-6014	ESD Table top with a ESD Mat 2000 X 800 X 24 mm

Table top non ESD

Art. no.	Sizes in mm
44-222-6043	1200 X 800 X 24
44-222-6042	1600 X 800 X 24
44-222-6002	2000 X 800 X 24

Drawer unit

Art. no.	Details
44-510-0019	1 drawer
44-510-0017	2 drawers
44-510-0017L	2 drawers inc. lock
44-510-0061L	4 drawers inc. lock 60x60x100x100mm

ACCESSORIES

Grounding

Art. no.	Details
30-552-6047	Grounding contact flat pin
30-552-6005	Grounding cord eu/10mm female 1,5m

Grounding box

Art. no.	Details
30-551-3020	Grounding box 3x10mm male studs
30-551-3040	Grounding box 3xbanana

PACKAGING TABLE

PACKAGING TABLE

Art. no.	Details
44-510-6000	Overshelf packing table 2000 (500mm depth) w consoles fittings
44-510-6001	Overshelf packing table 1600 (500mm depth) w consoles fittings
44-510-6002	Spacer Packing table 2000 perf pillar cc 1800
44-510-6003	Spacer Packing table 1600

Power panel

Art. no.	Details
44-510-6004	Power panel 2000 packing table incl.
44-510-6005	Power panel 1600 packing table
44-510-6004 UK	Power panel 2000 packing table incl. UK
44-510-6005 UK	Power panel 1600 packing table UK

Accessories

Art. no.	Details
44-510-6006	Hook for hanging incl. screw
44-510-6007	Long Consoles incl tube 2000 packing table roll holder 300mm (under)
44-510-6008	Long Consoles incl tube 1600 packing table roll holder 300mm (under)
44-510-6009	Short Consoles incl tube 2000 packing table roll holder 180mm (over)
44-510-6010	Short Consoles incl tube 1600 packing table roll holder 180mm (over)
44-510-6011	Tool board packing table 2000
44-510-6012	Tool board packing table 1600
44-510-6013	Dividers including fixing screws (2pc.)
44-510-6014	Shelf 1800x300mm inc. Brackets 2000 table
44-510-6015	Shelf 1800x400mm inc. Brackets 2000 table
44-510-6016	Shelf 1340x300mm inc. Brackets 1600 table
44-510-6017	Shelf 1340x400mm inc. Brackets 1600 table

Cutting Unit

Art. no.	Details
40-020-4005	Cutting Lenght 1000mm
40-020-4010	Cutting Lenght 1200mm
40-020-4015	Cutting Lenght 1500mm

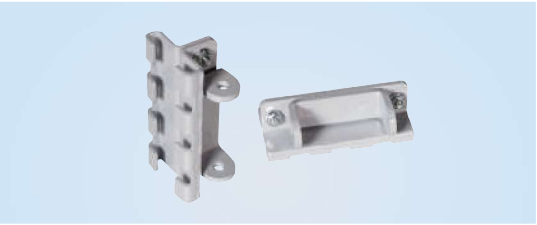

EXTRAS

EASY TO MOUNT

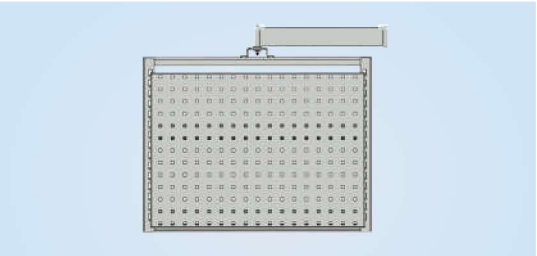

Hook

Art. no.	Details
44-510-0054	Universal hook of 6 pieces

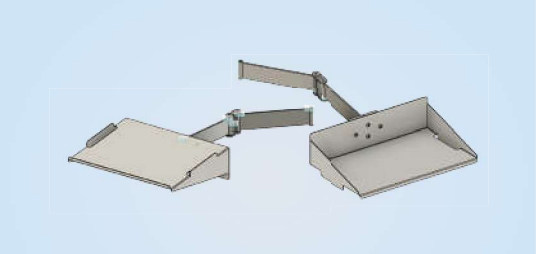

Holder for bracket

Art. no.	Details
44-510-0060	Holder for bracket

Tool board for swing arm

Art. no.	Details
44-510-6018	Tool board for swing arm

Reversible shelf

Art. no.	Details
44-510-0063	Reversible shelf with fittings 435x315mm

Special

Art. no.	Details
44-509-1610	ESD modular trolley 1200x1600x800 mm
44-509-1611	ESD arm modular trolley

Electrical Pillar Table

Art. no.	Details
40-507-0605	ESD Pillar table 600x500 640-1040mm
40-507-0605B	ESD Pillar table battery 600x500 640-1040mm

EXTRAS

ESD DRAWER CABINET

ART-NR.: 40-400-61XX

Product information

Coating:	ESD Paint
Color:	Grey RAL 9006
Loading capacity:	80kg drawers
Extension:	100%
Includes:	1 pair of handles 2 castors 100mm 2 castors with brake 100mm

Size: 590x442x600mm (HxWxD) exl. wheels

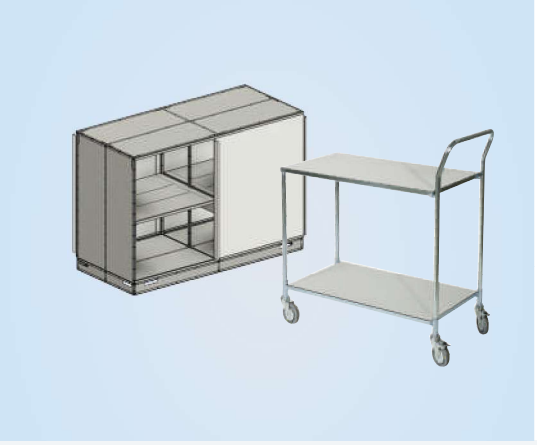

ESD Drawer Cabinet

Art. no.	Details
44-400-6147	ESD Drawer Cabinet 590x442x600mm Drawers: 3x100mm, 1x200mm

ESD Drawer Cabinet

Art. no.	Details
44-400-6148	ESD Drawer Cabinet 590x442x600mm Drawers: 1x100mm, 1x150mm, 1x250mm

Cabinet & Trolley

Art. no.	Details
40-020-0037	ESD cabinet with sliding doors on both sides 1600x1100x792 (wxhxd)
40-200-7000	Trolley with conductive sh 800x430x980mm
40-200-7001	Trolley with ESD mat grey sh 800x430x980mm

EXTRAS

ESD CABINET

ART-NR.: 40-020-30XX

Product information

Coating:	ESD Paint
Color:	Grey RAL 9006 Shelf provided with ESD paint
Loading capacity:	100kg 80kg drawers
Mounting:	Easy assembly Height adjustable shelves

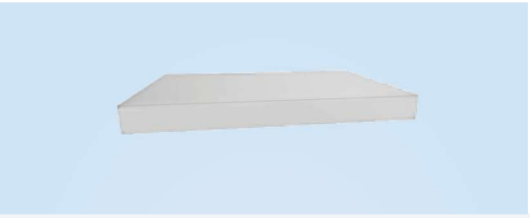

ESD Cabinet

Art. no.	Details
40-020-3005	ESD Cabinet with 4 shelves 1950x1044x655mm
40-020-3010	ESD Cabinet with 4 shelves 1950x950x405mm

Art. no.	Details
40-020-3020	ESD Shelves 1010x570 mm

Art. no.	Details
40-020-3060	ESD Base for forklift

IONISATION

For enhanced ESD protection at the workstation, our range also includes ionizers compatible with ESD workbenches. These devices effectively neutralize electrostatic charges in the surrounding air, helping to prevent unwanted discharges and ensuring optimal protection of sensitive components.

Whether you work in general electronics, cleanrooms, or high-precision assembly, our ionization solutions deliver performance, reliability, and great value.

Ionising Blowers Overhead

Art. no.	Details
60-200-0103	Two fan overhead ionizing air blower LED display
60-200-0104	Three fan overhead ionizing air blower LED display
60-200-0105	Four fan overhead ionizing air blower LED display

Art. no.	Details
60-200-0093	Two fan overhead ionizing air blower
60-200-0094	Three fan overhead ionizing air blower
60-200-0095	Four fan overhead ionizing air blower

Desktop Ionizing Air Blower

Art. no.	Details
60-200-0092	Self-cleaning Desktop Ionizing Air Blower
60-200-0096	Mini Ionizing Air Blower
60-200-0111	Intelligent Control Ionizing Air Blower
60-200-0106	Network Ionizing Air Blower
60-200-0102	Network LED display Ionizing Air Blower

Ionizing air gun

Art. no.	Details
60-200-0115	Ionizing Air Gun AP-AC2456
60-200-0115A	Ionizing Air Gun AP-AZ1211
60-200-0130A	Power Supply
60-200-0118	Ionizing Air Snake AZ3201

Ionizing Air Nozzle

Art. no.	Details
60-200-0116	Ionizing Air Nozzle DC3203
60-200-0117	Ionizing Air Nozzle AC2454-A
60-200-0130	Power Supply

ESD WORKSTATION ENVIRONMENT

Beyond the workbench itself, we provide a complete ESD workstation environment, including ESD furnitures, workstation supplies, operator tools, grounding furniture - ensuring full system-level ESD control around the operator.

ESD FURNITURE

Equip your ESD Protected Areas with our premium ESD furniture solutions, covering operator seating, storage and handling equipment designed to meet the highest EPA safety requirements.

Our range includes ergonomic chairs and versatile stools, secure cabinets, ESD shelving systems and mobile trolleys, all engineered to support safe, organised and efficient static-controlled work environments.

We are proud to be the official dealer of both Bimos and Score chairs and stools, delivering industry-leading comfort and long-term support for operators in static-sensitive workstations.

Whether upgrading a laboratory, cleanroom or production line, our ESD furniture solutions combine protection, durability and improved workflow performance.

ESD WORKSTATION SUPPLIES

Ensure your electronics production and assembly areas stay fully static-safe with our comprehensive ESD Workstation Supplies range, designed to support efficient handling, protection and storage of sensitive components across the entire workspace.

This category covers a wide selection of ESD-safe equipment, including but not limited to PCB holders, conductive reel boxes, and ESD picking bins, as well as many other workstation accessories engineered to minimise electrostatic discharge and improve organisation.

Built for reliability and compliance with industry ESD control standards, these solutions help protect delicate electronics from costly ESD damage while enhancing productivity and workflow efficiency.

Ideal for workshops, laboratories and cleanroom environments where precision, safety and ESD performance matter most.

ESD Furniture | ESD Rigid Packaging | ESD Clothing & Gloves | ESD Ionization | ESD Floor & Mats | ESD Measuring EQ

EPA ENVIRONMENT ONE-STOP SHOP

Thermoforming | ESD Tools & Brushes | Shielding Bags & Foil | LDPE Anti-Static | ESD Grounding EQ | Cleanroom Products

ESD OPERATOR TOOLS

Our ESD Operator Tools range brings precision, safety and static control directly to your hands with specially designed tools that minimise harmful electrostatic discharge during electronics assembly and repair.

This category includes ESD-safe precision screwdrivers, cutters, pliers and tweezers that are engineered to dissipate static charges and protect sensitive components throughout handling and operation. Using purpose-built tools is a critical part of any complete ESD control programme, preventing costly damage and ensuring reliable production outcomes.

Perfect for technicians, assembly operators and lab professionals working with static-sensitive electronics.

ESD TABLE & FLOOR MATS

Our ESD Table and Floor Mats range delivers essential static-control surfaces that protect sensitive electronics and assemblies from harmful electrostatic discharge at the source, both on workbenches and across production floors.

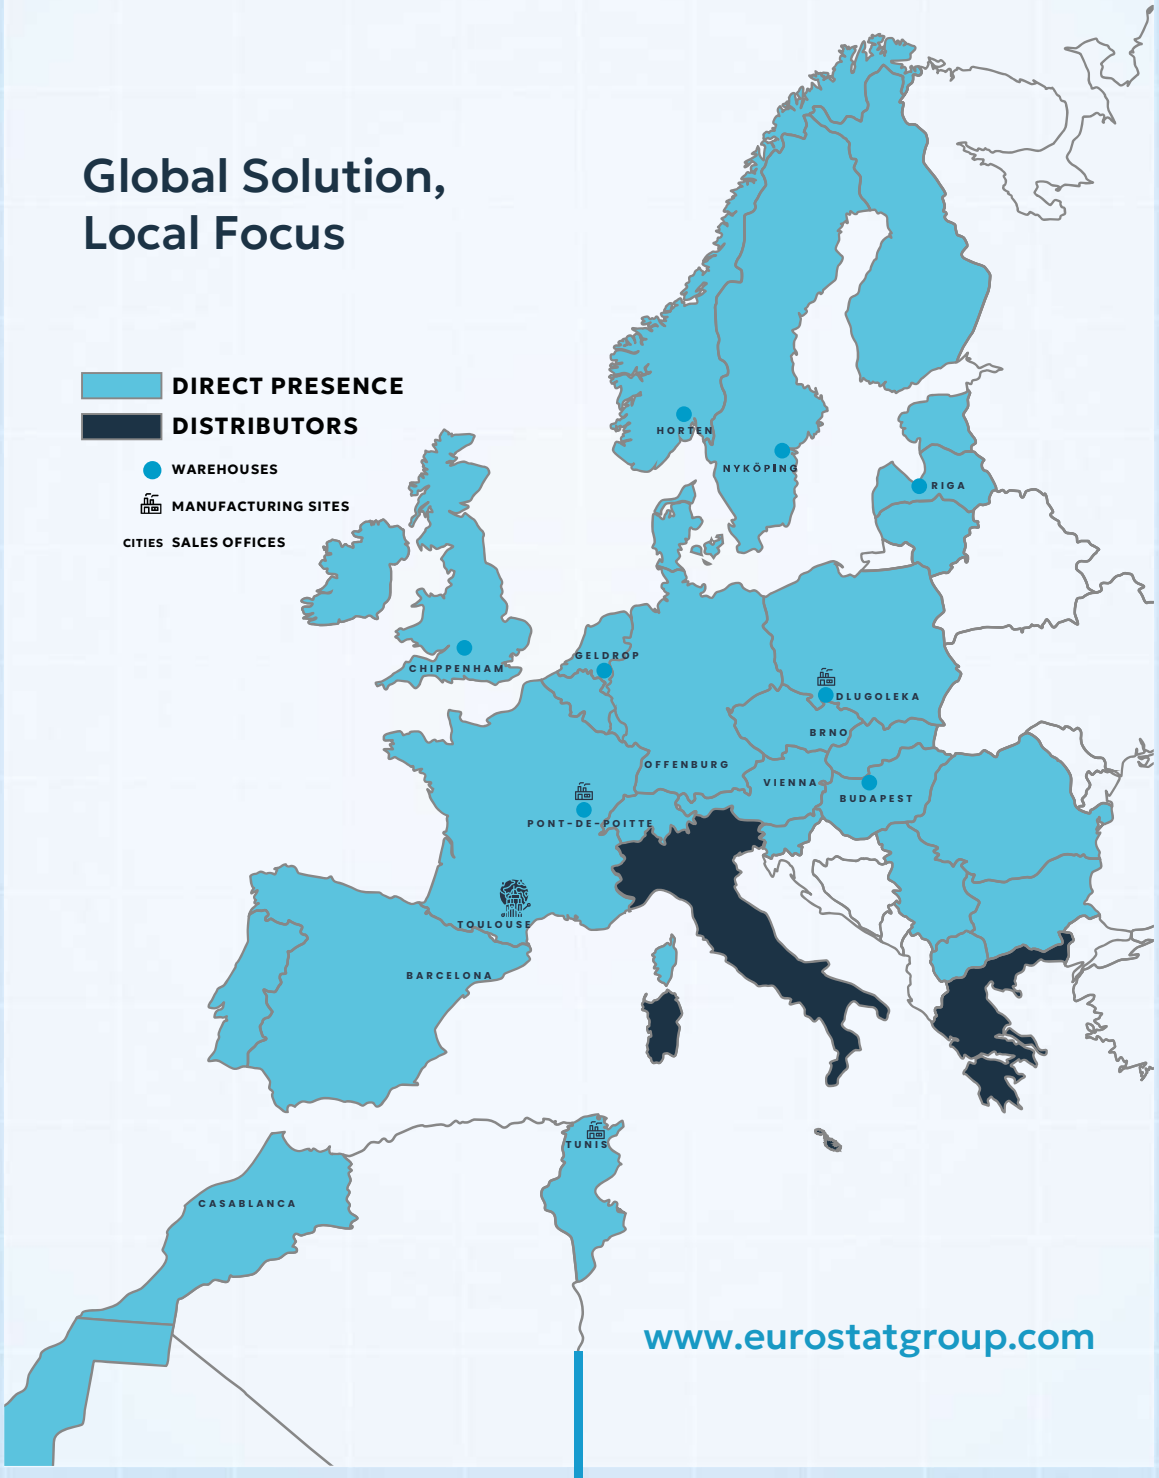

Engineered with dissipative surface layers and conductive backing to safely channel static to ground, these matting solutions create compliant, durable environments for manufacturing benches, repair stations, production lines and ESD-protected floor areas.

Available in rolls or precut sizes, they combine easy leaning, high heat resistance and long-lasting wear to ensure reliable everyday performance in demanding industrial settings.

By integrating quality ESD table and floor matting into your workspace, you strengthen product integrity, reduce costly ESD damage and support safer, more productive operations.
